

Maricelle Peeters

Teacher classical ballet & character dance

Author Ballet Recipes

14 ~ 03 ~ 1971

Maricelle is a very experienced teacher with over 25 years of experience in teaching classical ballet and character dance. Two dance disciplines that complement each other beautifully. In the last ten years she specialized in teaching the young dancer.

She's dedicated, passionate and always shows a desire to keep developing. The joy of dance is paramount, but always with the highest achievable quality in technique, musicality, artistry and presentation.

Maricelle is strong in transmitting the teaching material and you will always see a logical structure in her classes and lesson plans. Clear, pure, precise and an eye for detail. She has a calm appearance, which has a positive effect on the focus of the students. As a result, a strong foundation can be laid and the students can grow step by step and learn to push their limits in their development as a dance artist.

“I like to share my acquired knowledge and experience (sharing is multiplying) and that is why I wrote the book Ballet Recipes about the ingredients of classical ballet technique. A book about my knowledge and experience in pre-character dance is in progress”.
